

Gunsmith

South Florida's best outdoor shooting and gunsmithing destination is looking to add to the team by hiring another creative and talented full-time Gunsmith. This position is not for an apprentice or armorer but an experienced smith with full knowledge of machinery, tools and gunsmithing principles. Our facility covers most types of shooting disciplines so, the right candidate will have experience in many areas of gunsmithing and firearm knowledge. If you think you are the right candidate and would like to live, work, and play in South Florida, email your resume and salary requirements to hr@okshooting.com.

The candidate must be able to perform projects with the highest quality outcome and efficiency of time that satisfies both the company standards and customer expectations. The right candidate will meet the following criteria:

- At least 5 years experience as a gunsmith
- Proficient in the operation of machine tools such as mills and lathes
- Experience fabricating parts that are custom or no longer produced
- Must be friendly, enjoy interacting with people and provide excellent customer service and support
- Basic computer and office application skills (ie. Email, word processing, spreadsheets, etc)
- Ability to learn/perform jobs including but not limited to Porting, Cleaning, Rebarreling, Threading, Part Fabrication, Restoration, Bore sighting, Muzzle Device Installation, RecoilReduction, Stock Modifications, Trigger Work on many different firearms, Sight/Optic installation, AR builds & modifications

This position includes profit sharing.
